

Steffen Pinggen – Born in 1971, studied agricultural science at the Rheinischen Friedrich-Wilhelms-University in Bonn with the subject nature conservation and landscape ecology. Following his studies from 1997 to 1999 he was employed as a research associate at the University in Bonn within the scope of a research project with the Support Association for Integrated Crop Production (Fördergemeinschaft Integrierter Pflanzenbau) as well as sales and product manager for organic products at Delvena GmbH (Pfeifer und Langen). Since 1999 he is the ecological consultant of the German Farmers Association. Since 2016 he manages the department for Environment and Rural Areas. In a voluntary function he is also the deputy Chairman of the foundation council of the German Foundation of Cultural Landscape.
